

Play value
An all-round view of the individual, mirrored multiple times, is an experience that is very well suited for the centre of a labyrinth or the end of an experience path. Initially we produced mirrors exclusively from polished sheets of stainless steel.

- Recommended for**
- Kindergarten children
 - School children
 - Young people
 - Adults
 - Older people
 - Public play areas without supervision, such as playgrounds, parks or similar

Planning information
To prevent the underground parts of the mechanism from being damaged, we strongly advise against installing the equipment in sand.
