Instructions for wear checks of play equipment	The equipment must be checked for correct operation and safety, especially the points listed below:	Proof of maintenance
Playground	1. Check for rot and, if necessary, smooth out splinters and round off sharp edges and cracks. 2. Check that all bolts and screws are tight and retighten if necessary. 3. Check the ash wood rungs of the ladders for wear and tear, the remaining diameter must be at least 30 mm. Tensioning ropes 4. Check connection to wood, if necessary retighten screws/bolts. 5. Check ropes for wear and tear, if the steel reinforcement is damaged it is imperative it be replaced. PP-rope 6. Check rope for vandalism, replace if necessary. Structural stability 7. In order to check the steel feet for corrosion, uncover the foundation once a year. Re-tension tensioning ropes, if necessary.	Special notes, e.g. for repairs
	Repair not carried out, it is still possible to play on equipment	Speci
	Repair not carried out, equipment is taken out of action	
	All work carried out, everything is in order	
	Maintenance carried out by: Date
