

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Structural stability

In order to check for rot at wooden parts and steel feet for corrosion, uncover the foundations once a year.

Single equipment

Please pay attention to the **separate maintenance notes** of the following single equipment:

- | | |
|-----------------------------|------------------------------|
| Platform Hut, h=0.50/1.50 m | Order No.
3.13100 |
| Slide with fastening frame | 3.19210 |
| Inclined Wall | 3.67531 |

Note: Please check that all documents are included!

A technical line drawing of a playground structure. It features a square platform at the top, a set of stairs on the left side, and a curved slide on the right side. The structure is supported by four vertical posts, each with a circular base. The drawing is a perspective view, showing the top, side, and front of the structure.
