

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Structural stability

In order to check for rot at wooden parts and steel feet for corrosion, uncover the foundations once a year.

Single equipment

Please pay attention to the **separate maintenance notes** of the following single equipment:

- | | |
|---|------------------------------|
| Platform Hut, h=0.50/1.50 m
with ladder and roof | Order No.
3.13300 |
| Sand Play Equipment | 3.19100 |

Note: Please check that all documents are included!

A 3D perspective line drawing of a traditional Japanese wooden structure, possibly a shrine or a small house. It features a steeply pitched, tiled roof with a decorative finial. The structure is supported by several vertical wooden posts. On the right side, there is a decorative element resembling a flower or a stylized bird. The base of the structure is shown with dashed lines, indicating its foundation.

Repair not carried out, it is still possible to play on equipment

**Repair not carried out,
equipment is taken out of action**

**All work carried out,
everything is in order**
