

**The equipment must be checked for correct operation and safety, especially the points listed below:**

### Proof of maintenance

## Slide

1. Check for vandalism.

2. Check bolts and screws on the base equipment are tight and retighten if necessary.

## Structural stability

3. In order to check the stability of the foundations or the steel feet for corrosion, uncover the foundation once a year.

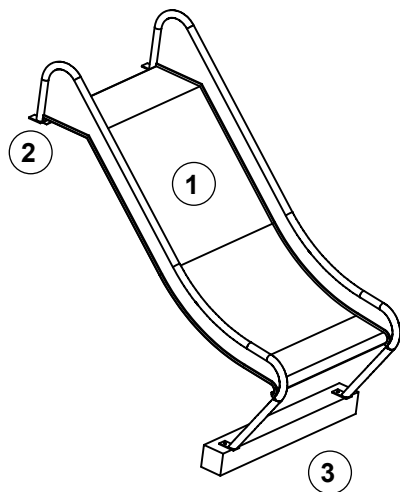

- location
- usage
- frequency of use
- possible vandalism

**For more details see also our general instructions for maintenance of playgrounds!**
