

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Slide

1. Check for vandalism.

2. Check bolts and screws on the base equipment are tight and retighten if necessary.

Structural stability

3. In order to check the stability of the foundations or the steel feet for corrosion, uncover the foundation once a year.

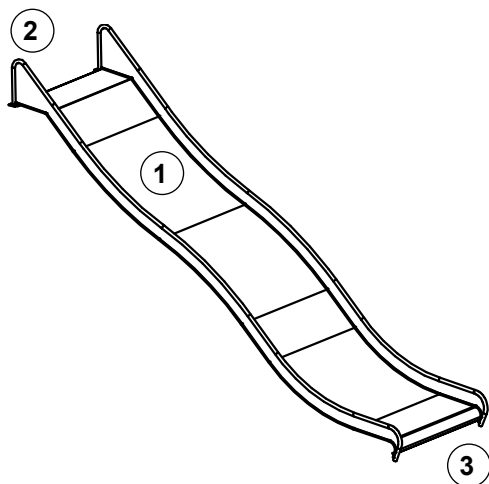

4. Note

For slides installed on a slope check that the ground shape has not changed in such a way that foundations are exposed.

width 1.50 m, with 1 wave

Order No. 3.64240 height 3.00 m

Order No. 3.64250 height 1.80 m
