

Kontrollnachweis

A diagram illustrating a simple microscope setup. It shows two vertical rectangular blocks (labeled 3) supporting a horizontal block (labeled 1). A lens (labeled 2) is mounted on the horizontal block. A long, thin tube (labeled 4) is attached to the lens and extends downwards into a glass container. The tube is positioned to observe a small object at the bottom of the container.

4. 1 x im Jahr Fundament aufgraben und Metallstrebe auf Korrosion prüfen
