

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Ropes and rope connections

1. Check ropes for wear and tear, if the steel reinforcement is damaged, it is imperative it be replaced.

2. Check that ropes are securely connected, retighten screws/bolts if necessary.

3. Check that the clamps holding the ropes are connected firmly.

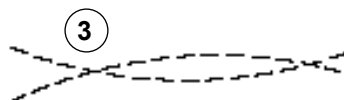

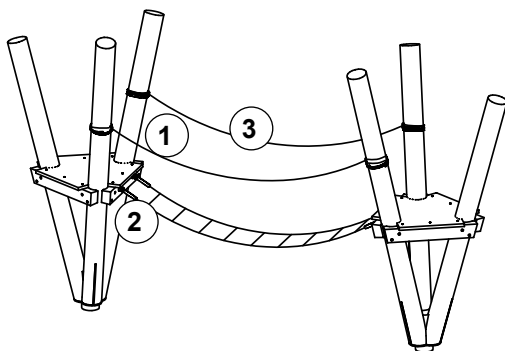

- location
- usage
- frequency of use
- possible vandalism

Important!

It should not be possible to form loops with the handrail ropes.

For more details see also our general instructions for maintenance of playgrounds!
