

Special version, roof with boards

Play value

Even as basic equipment, the Platform House has Platform, House, Slide and Inclined Climbing Net as well as basic furnishings like a table and benches and is a versatile, independent small playground. It provides incentives for role-playing games and numerous exercise activities.

Fundamental characteristics

- Child-oriented dimensions according to ergonomic requirements
- Natural wooden surface which appeals to the senses
- Constructional advantage: strong planking of the platform creates large, „support-free“ play space underneath the platform
- Compact playground with a small footprint, suitable when space is at stake
- Combination for role-playing games, „work“ play and activity
- Movement: climbing, sliding, crawling, crouching, using physical strength

Recommended for

- Kindergarten children
- School children
- Supervised play areas, such as kindergartens, schools, after-school programmes or similar
- Public play areas without supervision, such as playgrounds, parks or similar
