Instructions for wear checks of play equipment

Playground.....

Date of installation .....

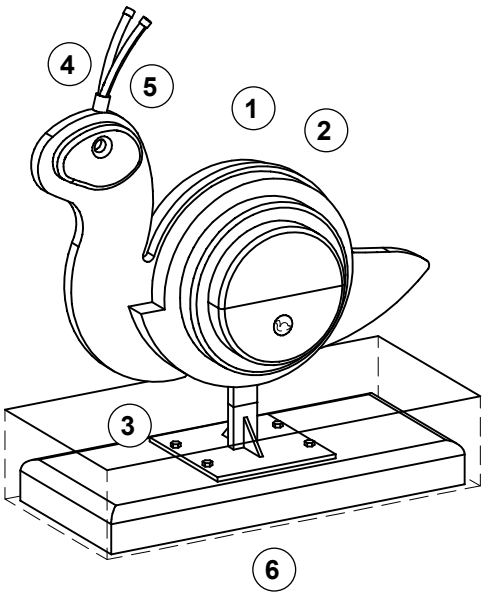
Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

Snail Queen
Order No. 4.24220



The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks. ☐
2. Check that all bolts and screws are tight and retighten if necessary. ☐

Rocking mechanism

3. Check for smooth operation, check the action of the rubber buffers in the interior of the chicken. If the body of the chicken does not stop smoothly, replace the rubber buffers. To do this, dismantle the layers of the chicken body one after another on the marked side. ☐

Horns

4. Check that horns are securely connected. ☐
5. Replace if steel reinforcement is damaged. ☐

Structural stability

6. Examine the foundation by rocking the equipment once a year. ☐

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment	☐
Repair not carried out, equipment is taken out of action	☐
All work carried out, everything is in order	☐

Maintenance carried out by:
