

### Play value

The Sand Snake is not just an enclosure for a sand pit, but also serves as a surface for playing and "baking", or as an alternative bench which can be balanced upon. Shaped like a big animal, the Sand Snake is an artistic design element which, coupled with its versatility, makes it a very special decorative object for any playground or adventure area.

### Fundamental characteristics

- High-quality design
- Natural wooden surface which appeals to the senses
- Due to modular system, the direction of the snake can be changed
- Incentive for playing: big head with ears, smooth play and seating surface
- Movement: balancing, climbing, exploring by touch
