

Kontrollnachweis

A detailed line drawing of a mechanical testing machine, likely a universal testing machine, shown from a three-quarter perspective. The machine consists of a heavy base (7) supporting two vertical columns (2). A horizontal crossbeam (1) is mounted on the columns and can move vertically along them. A pulley (3) is attached to the top of the crossbeam, with a cable (4) running over it and down to a hook (5). A specimen (6) is shown being tested between two grips. The base (7) is shown with dashed lines to indicate its full extent.

7. 1 x im Jahr Fundamente aufgraben und Stahlfüße auf Korrosion prüfen
