

Order No. 5.20910 Damming Wedge

Order No. 5.20900 Dam of Wood

Play value

Water play installations become even more attractive when they help to experience water in different ways. Children particularly enjoy damming water. On one hand, they are momentarily the „Master“ of the element water when stemming the flood water and on the other hand, they experience, through play, the water power when opening the lock of the dam.

Fundamental characteristics

- Different ways of damming and collecting water
- Incentive for playing: technical appearance

Recommended for
