

Instructions for wear checks of play equipment	The equipment must be checked for correct operation and safety, especially the points listed below:	Proof of maintenance		
Playground Date of installation Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year. Intervals for maintenance work and checks generally depend on - location - kind of use - frequency of use - possible vandalism For more details see also "General instructions for maintenance of playgrounds". Flow Table Order No. 5.41020/5.41030 	Flow obstacles 1. Check that the rubber is secure and check for damages; if necessary replace obstacles. ☐ 2. Check that chains are securely connected. ☐ 3. Check for free movement, it must be possible to move them on the railing. ☐ Structural stability 4. In order to check the stability of the foundation, uncover the foundation once a year and, in the case where equipment is bolted-on, check that all bolts and screws are tight and retighten if necessary. ☐	Special notes, e.g. for repairs		
Repair not carried out, it is still possible to play on equipment	☐			
Repair not carried out, equipment is taken out of action	☐			
All work carried out, everything is in order	☐			
Maintenance carried out by: 				Date
