

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

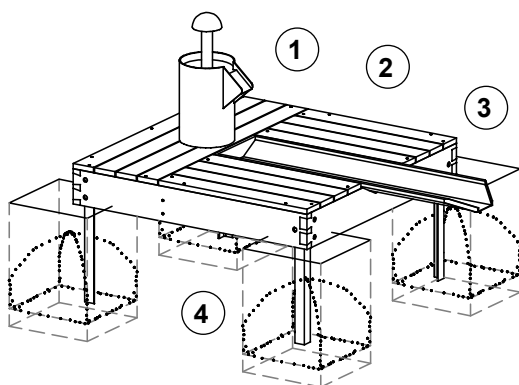

Checks depend on the type of equipment.
Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

AQuadrat®
with straight gutter
and Mushroom Spring
Order No. 5.51010

Wooden parts

1. Check for rot (frequent cleaning prevents excessive rotting) and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. Correct warping and/or swelling by grinding with sand paper.
3. Check that all bolts and screws are tight and retighten if necessary.

Structural stability

4. In order to check steel feet for corrosion, uncover the foundations once a year.

Single equipment

Please pay particular attention to the **separate maintenance notes** of the following optional combination equipment:

Mushroom Spring

Order No.
5.18000
