## Instructions for wear checks of play equipment

## Playground .....

Date of installation .....

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- kind of use
- frequency of use
- possible vandalism

## For more details see also "General instructions for maintenance of playgrounds".

## See-saw with shock absorbers Order No. 6.11000/6.11010

r oment	The equipment must be checked for correct operation and safety, especially the points listed below:		Proof of maintenance
