

### Play value

The Circular See-saw and the Springing Circle are unusual and well designed see-saw play equipment. Above all if more than two players sit or stand on them. Their special design and the selection of quality materials make them suitable for installation in pedestrian zones, on public places and similar areas in town centres. The Springing Circle can also be used as attractive alternative seating. It is pleasant to sit on the ring rocking slightly and chatting.

Order No. 6.11800 Springing Circle

Order No. 6.11900 Circular See-saw

### Fundamental characteristics

- Unique and original
