

Play value

The child-friendly design of the off-road vehicle immediately invites children to play. Based on a real large off-road vehicle, children can try out driving, move the steering wheel, the petrol canister and several buttons or explore the tyres. Big and small explorers can hold on tight to the sturdy frame, climb in and out and immerse themselves in role play to their heart's content.

Fundamental characteristics

- Friendly appearance
- Child-friendly dimensions
- Emotionally evocative design
- Natural wooden surfaces for tactile sensory appeal
- Play impulse: role-playing game
- Movement: climbing, exploring by touch

Recommended for

- School children
- Supervised play areas, such as kindergartens, schools, after-school programmes or similar
- Public play areas without supervision, such as playgrounds, parks or similar
- Private play areas without supervision, such as campsites or similar

Scale 1:50

Safety check according to DIN EN 1176

Components

- 1 Off-road Vehicle complete
with 4 steel feet

Installation information

Surfacing requirements
corresponding to a fall height of ≤ 1.00 m
(please refer to price list for more
detailed information)

Foundations
2 items 60 x 120 x 40 cm
Excavation depth 60 cm

Attention:
Exact measurements may vary;
for all installation dimensions refer
to current assembly instructions.
Technical changes reserved.

Technical information

Equipment made of non-impregnated
mountain larch

Core-free

Sawn-timbers core-free, thus decreasing
occurrences of cracking and undesired
changes in shape

Tongue and groove

Tongue and groove planks made of
4 cm solid wood, highly resilient, no
trickling of dust / sand, protection
against direct rain

Plywood

Plywood made of mountain larch,
three-layer (3 cm) or five-layer (4 cm).
High dimensional stability,
waterproof, glued according to
DIN EN 13353:2011

Ground anchor

All parts used for anchoring to the
ground are made of hot-dip galvanized
steel or stainless steel

Chains

Chains made of hot-dip galvanized
steel (1.4301 / 1.4571 at extra charge)
welded before galvanising, short-linked,
without eyelets on the connecting parts,
easy to exchange and shorten

**For more detailed explanation of the
quality characteristics see price list.**
