

Instructions for wear checks of play equipment	The equipment must be checked for correct operation and safety, especially the points listed below:	Proof of maintenance																					
Playground..... Date of installation Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year. Intervals for maintenance work and checks generally depend on - location - usage - frequency of use - possible vandalism For more details see also our general instructions for maintenance of playgrounds!	Room 1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks. 2. Check that all bolts and screws are tight and retighten if necessary. 3. Recommendation: apply paraffin wax to the upper end grain areas once a year, please refer to Order No. 0.90100, 1 litre. Structural stability 4. In order to check steel feet for corrosion, uncover the foundations once a year. Single equipment Please pay attention to the separate maintenance notes of the following single equipment:
