

Instructions for wear checks of play equipment	The equipment must be checked for correct operation and safety, especially the points listed below:	Proof of maintenance
Playground Date of installation	Structural stability	<input type="checkbox"/>
Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.	In order to check for rot at wooden parts and steel feet for corrosion, uncover the foundations once a year.	
Intervals for maintenance work and checks generally depend on <ul style="list-style-type: none"> - location - usage - frequency of use - possible vandalism 	Single equipment	
For more details see also our general instructions for maintenance of playgrounds!	Please pay attention to the separate maintenance notes of the following single equipment:	
Tower Combination 54 Order No. L2.54001	Order No. L3.20600	<input type="checkbox"/>
	Square Tower, h=2.00m with ladder	<input type="checkbox"/>
	Climbing Ladder with beam	<input type="checkbox"/>
